TWGA UPDATES

If you have not signed up for leagues it's not too late! Use [this link](#) for all sign-ups including the Spring meeting on Tuesday, April 26th. Take note it will be a little different this year. Come early for the Margaritas. The meeting will begin promptly at 5:45, followed the Taco Tuesday buffet at 6:15 pm.

As promised by the Board, a solution for Non-Resident tee time options was decided at the April Board meeting. There are three options please read them all and decide which one fits the best for your situation. Also, understand that this is just a temporary solution because the Club has already accepted the 2022 dues structure. Next year may include different membership categories. The options are based on other clubs like ours, and thought to be the best temporary alternatives. Some people will be happy, some will be angry, and some won't care. Let's try this and see how it goes!

The options are:

1. Increase the resident membership by \$500, if the Non- Resident member would like access to ALL tee times only (no voting rights etc.) If this option is something you'd like, please call Bill Perry so he can add the \$500 to your account.
2. Pay a guest fee of \$40 for Non- Resident members if they would like to play during restricted tee times. Keep in mind that guest rules apply.
3. Keep your membership the same (no extra fees) and continue to follow the same rules as prior years with restricted tee times and the 24 hour open tee time rule.

See you on the course and remember when your putts aren't going as planned, once in a while a four putt is good enough to win the Masters!

Cara

Hi Everyone,

Glad the 2022 golf season is finally here. Our last newsletter was a combination of February and March. So, we have a lot to share.

If you haven't seen the newly renovated Women's Locker Room we have included some pictures. Many thanks to the Board for listening to our request, Paul Cappuccilli for drawing a plan and setting a budget, Wendy Rourke with the aid of her committee for choosing the design, and Mike Wicker who took all the ideas and made them happen. Much work by many and well worth the effort! See all the details on the next few pages.

Restaurant Manager

Lisa was born in Suffern, NY and moved to Syracuse when she was a child. She graduated from Cicero High School. While there she was active as a majorette for the marching band and was in the color guard, too. Lisa is the mother of four boys and the grandmother to three - two girls and a boy. Her family also includes two wonderful daughter-in-laws.

At one time she was a legal secretary, but after raising her sons she entered the hospitality industry. In her spare time she loves to do crafting, especially with her grandkids! Lisa has been with Tuscarora for 15 years and feels like everyone here is her second family!

Thanks Lisa for all you do!!
