TWGA Board Update

Hello!

By now we hope everyone is enjoying the weather and golfing as much as possible!

Our tournaments, so far, have been near sellouts. Please continue to support our events. You'll have a great time and meet some new friends that like to golf!

Another big project for our club will be the construction of a new maintenance building.

Prep work has already started and the actual building will be erected in the next few months with a projected completion date of April 2023.

Steve Kurta and all his crew cannot wait for this structure which will house an office, equipment storage, and new bathrooms.

We hope to see you soon on the course or in the clubhouse.
