TWGA Board Update

Hi Everyone:

Let's talk about tees. Not the ones you rest your golf ball on, but the area where you drive from, at Tuscarora we have four sets of rated tees. Black(6,275 yds), Blue(5,936 yds), White(5,259 yds) and Yellow(4,042yds) so how do you choose?

Well, traditionally men play from the Black or Blue and technically a senior male golfer has the option to play from the White tees. Think about the yardage difference.

Historically, women play from the White tees and until recently did not have an option to play the Yellow tees because they have only been added in the last few years many thanks Jan Anthony and all who made that happen. The Yellow tees have been very popular because they offer golfers a chance to hit the green in regulation. Isn't that the point? Try all the tees and see the difference in scores.

There probably won't be a big difference for the low handicappers, but there will most likely be a HUGE scoring difference for the casual golfer.

So, which tee box is right for you? Use the article below as a guide and decide for yourself which tees are best suited for you based on the distance you hit a five iron.

BREAKING NEWS! Chris Marshall, Jason Wall and Bill Moore from the NYSGA worked together with the support of the Board to provide combo tees for next year. What the heck are combo tees? Basically, they give more options for tee selection around the course and are rated so you can post a score. No tees will be moved. Some holes will give you options to change tees boxes on the course.

REMEMBER, most of us are just playing for the love of the game. Wouldn't it be fun to be putting for birdie, not bogey?

Cara, Linda, Julie and Katie
