### President's Message

As I write this a cold blanket of snow covers the ground. Mother Nature promises us, however, that golf is just around the corner. As Tuscarora embarks upon its 100th anniversary, we look forward to a fantastic golfing season and opening the course as soon as possible. Please keep an eye out for an e-mail from the Pro Shop advising when the course is open for play.

**100<sup>th</sup> anniversary:** Please mark your calendars for July 28 and 29 when Tuscarora will celebrate the past 100 years with golf, food, music, fun and a few drinks. A committee is hard at work planning the events and more details will be announced as they are firmed up.

**House Operations:** Peter Cappuccilli and his crew will return for the 2023 season. Please consider Peter for any parties or events you are planning.

**Pro Shop:** Jason Wall begins his first year as our Head Golf Professional. Jason has a fine selection of merchandise in the Pro Shop, and he is available for lessons.

**Course:** Steve Kurta returns as our Superintendent. We are completing construction on a new maintenance facility. Please thank Otey Marshall for the considerable time and effort he has volunteered to the club to make this project possible. Repairs to a trench dug on holes 7, 16 and 17 for water and electric lines to the new structure are ongoing and should be completed by Memorial Day. In addition, trees to the right of the 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> fairways have been thinned out to increase air flow around the course and decrease the amount of shade. This will create better conditions to grow grass, particularly in the right rough on holes 4 and 5. The aesthetics of that area of the course will also be improved.

**Membership:** Our membership remains strong, with a significant waiting list. Any questions regarding membership can be directed to Membership Committee Chairmen Chris Marshall. Nancy Nojaim continues to update our club directory. Please advise her with any changes to your contact information.

**Website:** Our website has considerable information about Tuscarora's events, rules, regulations and how to book tee times. Please visit the website to take advantage of this information.

**Scholarship program:** As we have done in the past, \$10 will be added to everyone's membership in your May statement, making every member eligible to win a free membership for 2024 season. As always, a winner will be drawn during the Labor Day Classic in September. Applications for the scholarship should be submitted by Wednesday, May 24, 2023, and the scholarship winner will be announced during our Memorial Day event. Please visit the website for an application or additional details.

I hope to see everyone soon and please feel free to contact me with any questions or concerns.

Sincerely,  
Chris Bednarski  
Tuscarora president

Dear Members,

It is with great enthusiasm that I write this letter. I'm still looking at a snow covered golf course but I

know we'll be swinging soon enough! Not only is this Tuscarora's Centennial Year, it's my first year as Head Golf Professional. I have lived the majority of my life around the corner from Tuscarora and played my high school golf on this course. I have an unparalleled respect and appreciation for this club and I look forward to doing my best to preserve what makes this place so special. I want everyone to know that I will always be available and willing to do what needs to be done, so please do not hesitate to reach out with questions or concerns.

We are in the shop preparing for opening day, so we invite you to stop by to say hi and to check out some of the new merchandise that has arrived for the 2023 season.

### **Staffing**

John Sullivan and Josh Marshall will be returning as the Assistant Professional's.

Travis Moore will be returning to head up the outside services.

Shamus Hickey will be helping out in the pro shop during the summer months.

### **Online Tee Times**

One of the Pro Shop Staff's primary goals will be to continue the use of the online tee time system, **Tee-On Golf Systems**. The dedicated use of this system from all members will allow the Pro Shop staff to provide better service and be more prepared and equipped for your arrival. Please contact any member of the Pro Shop staff if you are experiencing issues or have questions as we move forward with the use of this program.

### **Bag Storage and Pull Cart Storage**

The Pro Shop has a few open slots anticipated for the storage of your golf clubs here at the Club House. This is a great opportunity to save yourself the trouble of lugging your clubs around all season long. Additionally, you can keep your clubs looking brand new with complimentary cleaning service after each round. Please contact the Pro Shop for current prices. Spots are assigned on a first come first served basis.

### **Seasonal Golf Cart Passes**

Seasonal cart passes are available for purchase. All members who had purchased cart passes for 2022 will automatically be signed up for the 2023 season. If you wish to cancel your cart pass for this season, please notify the Pro Shop staff immediately so you can be billed accordingly.

### **Communication**

Email is the fastest and most convenient way for the Pro Shop staff to communicate with the members. It is the staff's intention to send at least one email each week with updates and announcements. If you did not receive regular emails last year please provide us your most up-to-date email.

### **Driving Range**

The driving range will open as soon as picking golf balls is permitted. An email will be sent to notify you of when the Range officially opens. The new and improved range mats are expected to be installed in the near future. The driving range tees will be on the mats every Monday and Thursday. Please remember our range is limited to 185 yards, while practicing, do your best to keep ALL shots within the trees and within sight. Hole 17 runs adjacent to the range and any errant shot hit towards hole 17 should be accompanied

with a “FORE”. Please make sure everyone utilizing the range is aware of this.

**The Pro Shop staff would appreciate it if all players checked in the Pro Shop before they tee off.**

**This allows the staff to know who is on the property and can notify you of any group play or incoming weather issues. All play must begin on the first hole unless permission is given by someone on the professional staff.**

### **2023 PGA Junior League & Junior Program**

Junior Golf is vital to growing the game and we try to promote that to the best of our abilities. The course will provide a starter clinic to kick off the summer. In the weeks following the clinic, the club will provide the course every Thursday morning for the membership to bring their children and/or grandchildren for golf with their peers. The pro shop will make pairings and set a couple of fun options to get some holes in without the everyday pressure of a busy course. We recommend all juniors to take part in this program as we have seen first hand the long standing positive effects of starting children at a young age. Parents/Grandparents are always welcomed to stay to “caddie” and help guide them around the course.

The PGA Junior League will once again take place here at the club. Registration will begin once the season starts and an email will be sent which will include a registration link and information for the season. If you have any questions please feel free to email the pro shop. The League will have a little league feel to it and even include some travel golf outings at other local courses.

*At its core, PGA Junior League Golf is a group of local golf teams who play a series of games against each other, utilizing a nurturing and social scramble format. The program is available to boys and girls, 13 and under, of all abilities. PGA and LPGA Professionals exclusively serve as Captains and are responsible for creating a welcoming environment for all that encourages skill and character development.*

### **Merchandise and Demo Days**

The Pro Shop will be fully stocked and competitively priced. Look for great brands including Titleist, Foot Joy, TaylorMade, Callaway, Mizuno, Under Armour, Imperial, Bettinardi, Vineyard Vine, Ping, Straight Down, and a surprise brand we will be introduced in the coming weeks. If the Pro Shop does not have an item or brand you are looking for please let a staff member know so that special arrangements can be made. Demo days are currently being scheduled with representatives from Titleist, Callaway, Mizuno, TaylorMade, and Tsquared. Dates and times will be made available in the upcoming weeks, so that professional fitters from these companies may assist you with all of your club needs.

We are all looking forward to a great year!

Jason Wall, PGA Associate

### **Greens Report**

In like a lamb and out like a lion seems to be the pattern we’re experiencing at the moment with regards to the weather. The good news about these types of years is turf will be relatively unharmed as we had one smooth temperature transition after another. There were no major thaw / rain / freeze events of the type that kill Poa on greens. We expect minimal winter kill on the course and a normal return to growth.

### **Projects and course work**

Our new maintenance facility is nearly complete. In all, the new building will add approximately 8000 square feet of heated space for the staff including repair bays, meeting rooms, chemical storage/mixing.

Teamed with our existing storage spaces Tuscarora is now equipped to meet future demands of equipment, personnel, regulation, and environmental considerations as the golf industry continues to grow to meet the generations of golfers and golf course superintendents to come. It has few equals in our region right now and is something that will serve the club well for at least another 100 years. Look for action when snow melts around repairing the utility trenches to the new shop. You'll notice some light logging near 4/5/6 to increase air flow. Regrassing those areas will take place as weather allows with all areas being back in play by Memorial weekend. More details and pictures in an upcoming grounds department blog post.
